

Pharmapac Proprietary Limited has, in collaboration with four other Producers of rigid polyolefin packaging, established the Reproplast Collective Extended Producer Responsibility Scheme ("the Scheme").

The Scheme recognises the participation of brand owners, retailers, enterprise development contributors and other eligible participants, as members.

You are thus eligible to be a member of the Scheme.

To activate your membership, you need only complete this form and return it to Pharmapac.

Your membership will be on the basis set forth in the Producers' Primary Scheme Document, which was submitted to the Department of Forestry, Fisheries and the Environment on 4 November 2021. The Scheme Document can be obtained via the Reproplast EPR website at <https://www.reproepr.com>

**In addition to the foregoing, your membership will be subject to the following principles:**

- that you are a customer of Pharmapac, an eligible retailer or an enterprise development contributor;
- that Pharmapac, with the Founder Members and other participants of the Scheme, has invested heavily in state-of-the-art infrastructure, factories and human resources, and has, and will continue to use its best endeavours to execute the deliverables of the Scheme and the tenets of the provisions of the Regulations under Government Notice No. 1184 issued pursuant to the provisions of Section 18 of the National Environmental Management: Waste Act No. 59 of 2008;
- that whilst Pharmapac will use its best endeavours as aforesaid, the establishment of the Scheme and the supply chains in the Republic of South Africa are still in development and Pharmapac cannot, primarily by reason of circumstances outside of its control, always guarantee that all deliverables will be met;
- that insofar as this applies to you, Pharmapac will use its endeavours as aforesaid in relation to all of the volumes which you purchase from it or from other Producers of the Scheme;
- the Founder Members of the Scheme will publish regular reporting of the achievements of the Scheme on its website and via other media channels for you to access;
- the Scheme will, from time to time, engage with you in relation to the implementation of projects and programmes that are important to you, including enterprise development initiatives and opportunities;
- the Scheme will, in pursuit of its objects of creating reliable identification of waste streams for the waste stream value chain, produce informational and marketing material, and the Founder Members may from time to time reference your membership and, where appropriate, display your brands or logos to achieve this reliable identification;
- the Founder Members will deliver to you, the Scheme's logo, to use by you, subject to prior written approval by the Founder Members; and
- you may terminate your participating membership at any time in writing.

**Should you activate your membership, the Founder Members will deliver a membership certificate to you.**
