TERMS & CONDITIONS

- The supplier guarantees that it owns the waste materials and/or is authorised to sell the waste materials to the Reproplast Partnership.
- The supplier guarantees that it has lawfully acquired the waste materials.
- The supplier indemnifies the Reproplast Partnership and its officers and employees against any claim that may be made against them in terms of acquiring the waste materials sold to the Reproplast Partnership.
- The supplier guarantees that the waste materials supplied to the Reproplast Partnership will not be contaminated with any other materials or elements.
- The Reproplast Partnership will not make cash payments but will instead commit to terms as agreed.
- Ownership of the waste materials will pass to the Reproplast Partnership upon delivery by the supplier to the Reproplast Partnership.
- The supplier will ensure that it and its transporters comply with the Reproplast Partnership's reasonable rules relating to conduct and access to and from its premises.

COMPOSITION AND QUALITY STANDARDS

- The Reproplast Partnership only accepts rigid polyolefin containers (bales or loose in bags), as defined by the Reproplast Partnership.
- The Reproplast Partnership accepts a maximum of 2% of any other material that is not plastic: i.e. metal, styrafoam, paper, cardboard, wood or rubber.
- The Reproplast Partnership accepts a maximum of 5% of bale weight of plastic not of the specified type 2, 4, 5.
- The Reproplast Partnership accepts up to 20% in weight of residual product within the lot.
- The Reproplast Partnership will adjust the purchase price offered for materials or reject the consignment if the average contamination rate is higher than the allowed percentages stated above.
- All metal components should be removed.
- Maximum bale size is 1200mm (L) x 750mm (W) x 1000mm (H) and should be secured with sufficient non-corroding bale strapping.
- Bales should not be exposed to the elements for longer than four weeks prior to shipment.
- Cardboard may be used to prevent exposure and maintain bale integrity

PRICING AND ADJUSTMENTS

- Material received not meeting the above quality standards will be subject to price adjustments or rejection.
- Standard pallets are considered a tare weight of 28kg/unit.
- Standard bulk bags are considered a bare weight of 11kg/unit.
- All prices are quoted ex-works unless otherwise stated.
- Material net weight recorded by Reproplast aggregation sites are considered final.
